# GENERAL INFORMATION

HIDDEN ACRES is a 22-acre camp and retreat centre, nestled among the gently rolling hills and farms of Perth County, quietly secluded from the pressures and hurry of daily life. The spring-fed pond, countless trees and acres of grassland are just a few of the reminders of God's creation that make Hidden Acres a natural setting for a variety of activities and functions. A charitable, non-profit organization, Hidden Acres is a peaceful gathering place where diverse groups of people experience life-giving connections with God, one another, and nature.

# CAMPING IS FUN...

However, it is important to respect rules that are in place to keep you safe. Parents are always responsible for their children, no matter what their age. Younger children should be supervised at all times.

An important part of the Hidden Acres camping experience is learning respect for nature. We are called to tend the earth as a garden. As adults, it is important for us to model good stewardship of the environment and encourage our children to respect it all, from flowers to trees to fish, frogs and snakes. Take opportunities this weekend to explore nature with your family. Trail maps available from camp staff.

### Important notes about the waterfront:

- Lifeguards will not be on duty at any time at the waterfront
- Any campers who swim at any point during the weekend do so at their own risk.
- Parents/guardians are responsible for their children at the waterfront *at all times*.
- Swimming between 8 pm and 8 am is prohibited.

*Let the countryside and everything in it  
celebrate! Then all the trees of the forest too  
will shout out joyfully.  
Psalm 96:12 (CEB)*
